

Gabriel Updates

*News and updates for all those who use
Gabriel Software in their ministry*

April 20, 2020

Good Afternoon!

This is the second edition of Gabriel Software Updates. We will continue to use this as a way to keep you up to date on projects, upgrades, and upcoming events with Gabriel Software.

Thank you,
Roy Verstegen

Family Unit Definition

Twelve parishes have defined a Family Unit. This definition will allow us to set naming standards for family and member names. You can find out more on the Parish Support site under Gabriel Family Unit Definition.

Gabriel Family Unit - One or more individuals living at the same address and city in a domestic relationship. All individuals in this case will exist under one Family ID in Gabriel unless two or more individuals at the address require unique envelope numbers and/or tax statements. In this case, we should require one family ID per unique envelope number and/or tax statement.

Parish Support

Gabriel Support

We are seeing an increase in support calls for online giving. The Coronavirus pandemic has increased our need to pass the basket through online giving with our membership. The Catholic Foundation has resources on the Parish Support site to help support this increased need, if you would like to find out more information.

We would like to encourage you to continue recording your contributions in Gabriel on a weekly basis.

Gabriel User Interface - Reports

The report user interface in Gabriel is built. You may have noticed this became available over the weekend. We will

One By One Campaign (3)

-  [Project Goals and Requirements](#)
-  [Gabriel Design Document](#)
-  [Campaign Report](#)

continue to work with Gabriel to make the seven reports we have, available as soon as possible. Here are instructions for a Campaign Report that exists in Gabriel.
