

Gabriel Updates

*News and updates for all those who use
Gabriel Software in their ministry*

July 10, 2020

Good Morning!

May the peace of our Lord Jesus Christ be with you! This Gabriel Update will be able to help you find a couple more counts for the Parish report and the required vital statistics.

God Bless,
Roy Verstegen

Registered Families By Family Status			
Parish Name	Parish City	Family Status Code	Registered Family Count
St Francis Xavier Parish	De Pere	ACTIVE	806
St Francis Xavier Parish	De Pere	DECEASED	1
Total Registered			807

Registered Families By Family Status

This report is new and available in the Report Library. It is designed to give you a count of Registered Families by Family Status. This can be used to populate the Registered Units counts on the Parish Report that Chancery asked for recently. It is broken out by Family Status because there may need to be adjustments made to the count in order to get an accurate count of Registered Units. The majority of the registered families should have ACTIVE as their family status. You could run across registered families with a status other than ACTIVE. At this point, a decision should be made on the family to change their registration status, their family status, or leave their registration status and family status as stated.

Family Search

You may want to investigate further all the registered families in a particular status. You can find these families through the Family search screen in Gabriel. To find all the registered families in a single status, set the status field to that status, set Is Registered to Registered Only, and Search scope to Current Parish. This will return all the registered families in that family status. You will need to go into each family individually to change the family status or unregister them based on the decision you

have made for those families.

Registered Contributing Units

This is a new report in the Report Library. Another count for the Parish Report is Contributing Units. This report will show the count of registered families at your Parish that qualify as Contributing Units. You are required to enter a date range in order to retrieve the count. The Parish Report is based on a fiscal year. To get the contributing units count for last fiscal year the begin date would be 7/1/2019 and the end date would be 6/30/2020.

Registered Contributing Units By Date Range

7/1/2019 through 6/30/2020

Parish Name	Parish City	Contributing Units
